They found new ways like  
Twenty first century slaves  
They put the chains  
Inside our brains

They found new ways like  
Twenty first century slaves  
They put the chains  
Inside our brains

They found new ways like  
Twenty first century slaves  
They put the chains  
Inside our brains

They found new ways like  
Twenty first century slaves  
They put the chains  
Inside our brains

They found new ways like  
Twenty first century slaves  
They put the chains  
Inside our brains

They found new ways like  
Twenty first century slaves  
They put the chains  
Inside our brains

Away or pur more  
Never endless  
Send this from anyone  
We never came  
We never come  
Definitely endlessly we  
See we, we're not anyone  
See we, we definitely not anyone

They found new ways like  
Twenty first century slaves  
They put the chains

Inside our brains

They found new ways like  
Twenty first century slaves  
They put the chains  
Inside our brains

Bring empty swimming  
Bring drowning lessons  
Take me anywhere just  
Keep me guessing if  
Nothing's your's  
And nothing's mine  
Then who are we  
If you are mine  
See we we're not anyone  
We never came  
We never come  
See we, we're definitely not alone

They found new ways like  
Twenty first century slaves  
They put the chains  
Inside our brains

They found new ways like  
Twenty first century slaves  
They put the chains  
Inside our brains

Can we leave now  
Is the place clean now  
Shall we go to the sea shore to see the sun  
One last time before we're gone  
We never came we never come  
We're definitely not alone  
See we we're definitely not anyone

They found new ways like  
Twenty first century slaves  
They put the chains  
Inside our brains

They found new ways like  
Twenty first century slaves  
They put the chains  
Inside our brains

They found new ways like  
Twenty first century slaves  
They put the chains

Inside our brains

They found new ways like  
Twenty first century slaves
