She's insisting that I'm her sister
She's insisting that I fix her up
If not with money or drugs then with anything I got
Not because she wants it, just because so what

She's insisting that I'm her sister
She's insisting that I fix her up
If not with honey or love than with anything I got
Not because she wants it just because so what

Everytime I see her she says the same thing
I want in, I thought you said you'd bring me in
I thought you said you'd start with one
Start with me for free
I thought you'd start with me

Everytime I see her she says the same thing
I want in, I thought you said you'd bring me in
I thought you said you'd start with one
Start with me for free
I thought you'd start with me

She's insisting that I'm her sister,
She's insisting that I fix her up
If not with money or drugs then with anything I got
Not because she wants it, just because so what

Just because we're in the cubical
We're getting so use to it all
We're in the cubical
We're getting so use to it all

We're all there is
Me and my sister
We're all there is
Me and my sister

Everytime I see her she says the same thing
I want in, I thought you said you'd bring me in
I thought you said you'd start with one
Start with me for free
I thought you'd start with me

Start with me
Start with me
Start with me for free

We're all there is
Me and my sister
Me and my sister

We're all there is
Me and my sister
Me and my sister

We're all there is
Me and my sister
Me and my sister

We're all there is
Me and my sister
Me and my sister

We're all there is
We're all there is
Me and my sister
Me and my sister

We're all there is
We're all there is
Me and my sister
Me and my sister
