It's gonna take a thousand years to decorate these
scars

It kills not knowing where you are

You feel it the same way as I do

We're scared aren't we

I wish i was inside you

At least that way i'd know which way you're going

It kills not knowing where you're going

It kills not knowing where you are

It's gonna take a thousand years to decorate these
scars

Don't let me let her do it to me again

Cos' next time i'll do anything

Don't let me let her do it to me again

Cos' next time i'll do anything

?????.....?????

Don't let me let her do it to me again

Cos' next time i'll do anything

Don't let me let her do it to me again

Cos' next time i'll do anything

I wasn't satisfied

With the way that i was hurting myself

Is there anything else i can do for you

Yeah loads of stuff if i want you to

Even thought i want you to

I'll stay do you mind if i stay

I'll stay it's gonna be great

It's gonna be great she says

It's gonna be great

Don't let me let her do it to me again

Cos' next time i'll do anything

Don't let me let her do it to me again

Cos' next time i'll do anything

Broken like innocence, broken like us

If there's only one of us there's none of us
There's one of us there's none of us
There's none of us

There now you know i don't know what i want
There now you know i don't know what i want
There... There...

Don't let me let her do it to me again
Don't let me let her do it to me again
Cos' next time i'll do anything
Cos' next time i'll do anything
Cos' next time i'll do anything

Don't let me let her do it to me again
Don't let me let her do it to me again

Cos' next time i'll do anything
Cos' next time i'll do anything
Cos' next time i'll do anything
Cos' next time, next time, next time
