Left faithless
In the age of cain - no love lost
Left lifeless
The lifeless have the key - belief-less
Belief is gone the dogs come
Seeking the truth to serve no use
No-one can wield the weapon
(take me a-way)
We must flow as
Waters flow as
Rivers flow and
Mountains can rise
The seers
The knowers still know - few of us
The others
Unable to process the soundbytes
Spirit is torn the dogs come
Laying in shreds shrouding the heads
Of heroes who've been martyred
(take me a-way)
We must flow as
Waters flow as
Rivers flow and
Mountains can rise
Left faithless
In the age of cain - no love lost
Left lifeless
The lifeless have the key - belief-less
