Hold my body tight Hold that body
Oh hold me
I c u over there Body would I love 2 share oh
I hold u in my dreams But then I wake up just a dream I'd
do anything 4 u
Steal a star down from the sky
Write a song 4 birds 2 sing All I ask of u yeah
Just 1 thing baby
Just 1 thing
Just 1 thing
Hold my body tight All night Never let me go
Hold my body tight All night
Never tell me no Hold me
My body's all alone Need someone 2 take me home
Talk until the morning light Don't wanna do ya just hold
ya tight I'd do anything 4 u
Steal a star down from the sky
Write a song 4 birds 2 sing All I ask of u yeah
Just 1 thing baby
Just 1 thing
Just 1 thing
Hold my body tight All night Never let me go
Hold my body tight All night
Never tell me no Hold me
So come and put them arms around me Hold me real
close Like an aura Surround me I need 2 feel ya body The
warmth of ya skin I need 2 know the beauty The secret
within And while another would be penetrating I'll still be
stimulating
Contemplating on a vision vibrating
Waiting with the key 2 set your feelings free Whatcha
gonna do 4 me
'Cos I'd do anything 4 u
Steal a star down from the sky
Write a song 4 birds 2 sing All I ask of u yeah
Just 1 thing baby
Just 1 thing
Just 1 thing
Hold my body tight All night Never let me go
Hold my body tight All night
Never tell me no Hold me

Hold my body tightAll nightNever let me go
Hold my body tightHold my body tightAll nightNever let
me go
Hold my body tight
