Written a list of stupid things
This would be the king
Crowned, sitting above the rest by a neck
It only takes a momentary lapse
The main offenders are easy to pick out
They're spotted from one hundred paces
As a concensus would prove - prove

Concensus proved

The point is insignificant
When considered in comparison to
The sound of silence experienced
When the situation arises it feels like the armaggedon
knocking
A wiring to the national grid
You don't need a reservation to join - join

(just) too little time
Too little time

Pedal stamp
Hard grind
Wet slip
Stick shift
Contact twist
Asphalt recoil - asphalt recoil
