Searching high with a yellow soul
I dig for ashes in a sea of gold
Drifting low, my yellow soul
I'll live on air if the clouds will hold

Jesus riding on a white horse
Hero calling from the sky
Jesus riding on a white horse
With spare room for you and I to fly

Riding on a white horse high
Wanna ride, wanna ride so high
On a white horse high
Sail high on the ocean sky

Searching high with a yellow soul
There's no tomorrow in the days of old
I was falling low, with my yellow soul
It's sad to burn, left in the cold

But I see Jesus riding on a white horse
Hero calling from the sky
I see, see Jesus riding on a white horse
With spare room for you and I to fly

Riding on a white horse high
Wanna ride, wanna ride so high
On a white horse high
Sail high on the ocean sky

Wanna ride, wanna ride so high
Wanna ride, wanna ride so high
Sail high on the ocean sky
Sail high on the ocean sky

Wanna ride, wanna ride so high
Wanna ride, wanna ride so high
Sail high on the ocean sky
Sail high on the ocean sky

Jesus riding on a white horse
Hero calling from the sky

I see, Jesus riding on a white horse
With spare room for you and I to fly

On a white horse high
Wanna ride, wanna ride so high
On a white horse high
Sail high on the ocean sky
