(T. Mortimer)

Hey child - wash away your tears

Hang on till tomorrow comes

Cos it will soon be here

Hey child - don't give up today

Gotta be some good times baby

Not so far away

Child - love don't come easily

And child - don't be afraid to feel

Cos the times gonna come

When you're gonna go

And my only advice is

To live life your own way

I'm here for you

Till my dying day

Hey child - wash away your tears

Hang on till tomorrow comes

Cos it will soon be here

Hey child - don't give up today

Gotta be some good times baby

Not so far away

Child - don't be a fool for love

Cos child - it will

Come soon enough

Like a mind

Need a dream

And a song needs a theme

Every heart needs a home

To express just

How it feels

I'm there for you

Till my dying day

Hey child - wash away your tears

Hang on till tomorrow comes

Cos it will soon be here

Hey child - don't give up today

Gotta be some good times baby

Not so far away
