Slow down girl, you're talkin' much to fast
What's that girl, you think your love with him will always
last
How can you say that?

It's like you're blind, 'cause you can't see the truth
Like you forgot all those nights he ran around on you
That's something I'll never do

You need to pack you bags this moment
And walk on out that door
Take the early flight to Beaumont
So I can hold you in my arms
And I'll make right all that he's done wrong
And then you'll see... I'm the man he'll never be

When you're with him, it seems you always fight
Well that's okay, it's fine with me if that's what you like
But to make it right

You need to pack you bags this moment
And walk on out that door
Take the early flight to Beaumont
So I can hold you in my arms
And I'll make right, all that he's done wrong
And then you'll see... I'm the man he'll never be

Yeah, I'll make right, all that he's done wrong
And then you'll see... I'm the man he'll never be
I'm the man he'll never be
