This spring rain reminds me, of that April day  
The sky cleared up so quickly, before I got the chance  
to say

I caught a cold the day you left  
I spent the next three days in bed  
Replaying our last kiss in my head  
Jersey feels so far away  
So far away, so far away  
So I'm writing you to say:

Here I am, miles away  
Honestly, it's killing me that you're so far  
Break away, fall into my arms  
It feels like so long since you've been gone  
So please hurry  
Love always, me

This spring rain reminds me, of that April day  
Still haven't sent a letter, so I'm writing you to say:

Here I am, miles away  
Honestly, it's killing me that you're so far  
Break away, fall into my arms  
It feels like so long since you've been gone  
So please hurry  
Love always, me
