I made up my mind
A long time ago
I was never gonna let
A girl get close

I decided then it was a
Place to be
Single way of living was the
Life for me
I thought I had it all figured out
Now she's come along and there's no doubt that I'm

Gettin' got good
Feeling lots of feelings never dreamed I would
Falling like I never ever thought I could
But since she came around
I'm gettin' got good

She's put me in clothes I never thought I'd wear
Got to shaving every day, and trimming my hair
Going lots of places that I've never been
Like poetry reading and social events
It wouldn't take a PhD
To come to a conclusion this I say

Nobody's ever got me before
I guess I can't say that anymore
