So she left me, said so long  
Yeah so what, I'll find someone  
In no time, with a little luck  
It don't really bother me that much

It's only a girl  
There's a million of 'em in this town  
Only a girl  
They're everywhere, just look around  
She don't matter anymore  
I'm probably better off for sure  
It ain't the end of the world  
It's only a girl

There goes, one now  
Pretty smile, oh well  
I watch her, walk by  
Just keep to, myself  
Cause when you're in love with someone else

It's only a girl  
There's a million of 'em in this town  
Only a girl  
They're everywhere, just look around  
I know she just smiled at me  
And as cool as that might be  
It ain't the end of the world  
It's only a girl

What can keep you up all night,  
Make you believe that black is white,  
Make you laugh, make you cry,  
Make it wrong, then make it right?

Only a girl  
Only a girl
