This mornin' Joey had me wonderin' why he made love
like he was sayin' goodbye
Tonight I found out what was goin' on
Waitin' there for me when I came home (I came home)
It was a letter from Joey, he left it on the door, he don't
live here anymore
I got a letter from Joey, he said it's over and out, got to
live without Joey
Joey had a kind of innocence, what he's doin' now it
don't make sense
He always said I was the only one
Now I can't even tell ya where he's gone (where he's
gone)
Chorus:
I got a letter from Joey, he left it on the door, he don't
live here anymore
I got a letter from Joey, he said it's over and out
There can be no doubt, got to live without Joey
(Solo)

Breakin' my heart, why is he breakin' my heart, why is
he
I try to sleep, but I wake up cryin'
I wanna live, but I feel like dyin', Joey
Joey was the one who made it right, like no other lover
in my life
What is done can never be undone
Now my loneliness has just begun (just begun)
chorus
Joey was the one who made it right...
What is done can never be undone...
