Why does your heart have to beat for me, make you  
want what can never be  
Why can't your eyes open up and see  
It's just not me that you need in your life

Chorus:

So go find someone else to love tonight  
Someone who won't leave the way I will  
Makin' love don't always make it right  
I'm not worth the hurt you're gonna feel

I'm not worth the hurt you're gonna feel

So sad, and so unfair, to want someone who doesn't  
really care  
You search for feelings, but they just aren't there  
Anywhere, so don't let me hurt you baby

chorus

I'm not worth it, baby

chorus

I'm not worth the hurt, I'm not worth the hurt
