Livin' is workin', no time to jerk in this town
Livin' at the pace I do, there's so little time
The day is one mad world, and I'm a busy girl, makin'
dreams come true
But somethin' is missin', because I'm missin' you

Chorus:

No one ever knows, I never let it show
How much he means to me, I need his company
No one ever knows, when everybody goes
I wish that I knew why, but every time I kiss him, oh, I'm
kissin' him goodbye

Lonely in London, it hits you when the night comes
When you leave the crowded streets, there's nowhere
to hide
When darkness falls, a sudden silence calls out,
memories get in the away
Drowned by the sounds of another busy day

chorus

Baby, I need you to tell me I'm nothin' but a fool
I worry without you, when we are fallin' out baby, baby,
then I realize
I can't keep hidin' my living side

Maybe this'll be the day he'll make up his mind
How much he means to me, I need his company
I wish that I knew why, but every time I kiss him, oh I'm
kissin' him goodbye
