"So Much In Love"

You must be happy, you look wonderful, never seen
you look so fine
I've heard all about her, you're mad about her
You talk about her all the time

You say you love her, she's given you everything you'll
ever need
Though I still adore you, I'm happy for you
I know that it's too late for me

Chorus:

The only love I ever wanted is gone forever, I can never
put my world together
So much in love, I know you'll never come back to me
Whoa, love doesn't come to you every minute
If you hold back, someone else will win it
If you gotta love, put your heart right in it, never set it
free

So think it over, and you'll understand
I'm not tryin' to change your mind
Know she'll never love you the way I love you
Boy don't miss your chance this time
