Uhh, yeah, L.G., Easy Mo Bee  
Brother to brother, put the Y2K on ya, check it

It's now or never, whatever, to stake my claim  
Shake my pain, dodgin all these fakes in the game  
Hate is to blame, bakin those with cake in the dame  
Easy Mo the same, no competition, out the frame  
This is more gold and platinum than them chains n  
thangs  
L.G. and Mo is attackin 'em, the game's in vain  
That bitch roll of you smackin 'em was just insane  
(sucker ass)  
You got snitch niggaz that run back, and crush your  
name  
You hustle a lot, just like a rat, from the parkin lot  
Bust a shot - you kickin raps? Naw stop  
What you don't want me to gave I already got  
Property acros the lab the Ac' plus the queen spot  
Once you see me drop this 100, miles and running  
Blow me out the spot, not, but quite cunning  
You're dumb and, young and restless, I'm makin you  
wait  
I was givin you time to get the last one straight  
Most of ya over, while I celebrate, like Sammy Sosa  
Toast with Griff the Nation, soul survivor 'til it's over  
I'm Hot like 97, the year's ninety-nine  
Return like Makaveli but still hard to find  
It's a conquest, so hard, but yet they still try  
to defeat this black brother comin out of Bed-Stuy  
I rebuke you like a devil, my head to the sky  
That's cute, but not forever, don't ask why

[Chorus - repeat 2X]

It's now or never - if you down, whatever  
If not, stash your frown, pass ground forever  
Mo Bee pound for pound, the sound is better  
Mo beats in class clowns, no time for ghetto

It's now or never

[machine]

Hello, hello?

"It's Mo Bee Easy, right now I'm out trickin big dirty."

"Mo Bee, this is Lil' Shawn - give me a call."
