I wake up in the morning... I see the news
Is this a TV, horror show
They talk 'bout destruction
Hanger and wars
Another forest... burned out!

Don't you think we have to worry
About this problem!
The truth is worst than we thought
Is it real?
Won't we ever change our way?
Maybe it's not important
If we are dead or alive

Awake me from this "planet hell"
The signs are clear
They are leading us
To change the world
Our way I right

Now the time has come to pray
The evil has returned
The death of dreams
Now we've got so little time
To realize and stop
The death of dreams

Like a rock to the ground
We keep falling day by day
No-one can stop us
We're gods now
So... What lessons can be learnt?
To help ourselves from ourselves
To lead our lives into the light
It's not so difficult to play the right game

The time has come
Evil returned
We've got so little time to realize
To stop the death of dreams
