Tonight we all smell the same
In the dark we look cool
So it's safe to turn off your brain
And what was that?
I'm so really really really I'm
Something else completely
Can't hear me, can't see me
It's so much better this way
Believe me she's really
Something else completely
Something else completely
Show yourself in the perfect light
You kick them in so refuses
Communicate in sounds all so mono-syllabic
And hello girls
Yeah I'm so really really I'm really
I'm just something else completely
Can't hear me, can't see me
It's so much better this way
Believe me she's really
Something else completely
Something else completely
Can't hear me, can't see me
It's so much better this way
Believe me she's really
Something else completely
Can't hear me, can't see me
It's so much better this way
Believe me she's really
Something else completely
Something else
