You are sober
Acting drunk
Any closer
You're out of luck
(I don't know what you're thinkin
Acting without reason)

This is my town
This is my pride
These are my friends
And this is my life
You are so out of luck
Tell me whach your gonna do tonight
My friends are callin you out for
Tell me whacha gonna do if I catch you
It's about midnight

I don't wanna talk about it any more
I gave you my reasons
And now I'm showing you the door

This is my town
This is my pride
These are my friends
And this is my life
You are so out of luck
Tell me whach your gonna do tonight
My friends are callin you out for
Tell me whacha gonna do if I catch you
It's about midnight

Oh
Oh I know that all my friends have got my back
Oh I know that all my friends have got my back
