I saw you hand in hand with that guy
You said you hated, oh well isn't that nice
Well I waved as you passed by
And I faked a stupid smile
When I just want him to die

[Chorus]

I'm so happy you're so happy
Didn't everything work out
I'm so glad we said goodbye
Sun is shining all the time
And blue birds follow me around
I'm so happy I could cry

I like my freedom now that you're gone
And I like waking up all alone
No one tells me what to do
And I barely think of you
How you just moved on?

[Chorus]

I'm so happy you're so happy
Didn't everything work out
I'm so glad we said goodbye
Sun is shining all the time
And blue birds follow me around
I'm so happy I could cry

These are tears you see something in my eyes
It must be the sight, I don't know why
It just happens all the time
I don't know why

[Chorus] x 2

I'm so happy you're so happy
Didn't everything work out
I'm so glad we said goodbye
Sun is shining all the time
And blue birds follow me around
I'm so happy I could cry.
