Tom and bob, they are cool  
Should open a tom and bob school  
Because then everyone could learn the way?  
To squeeze fun out of every day.

They put bandanas in their hair and they think in a way  
that's all too rare  
At least from the parts where I come from  
Which make tom and bob stick out like a silver thumb,  
like a silver thumb

Tom and bob they are good  
I wish everyone could be so good  
They are cool, but they aren't rich  
They could be rich lived in a ditch

In a dreaan they came to me  
Holding their arms for me to see  
When I opened my eyes they weren't gone  
And now we're gonna make some songs,  
We're gonna make some , do do ... ba ba
