(Eazy E)
All right
I know the shit is fly
I know Dre didn't do the motherfucka
But it ain't right unless
I'm rappin on this muthafucka

(DJ Total K-Oss)
You got something for it?

(Eazy E)
You godtang right I got something for it
I got the motherfucka right here in my pocket!
Give me a motherfucking beat.

Batter up
And let me hit you with some crazy ass
Shit Welcome
To the E's bottomless pit
As I play the role of the executioner
Labelled by a bee sting as a murderer
Yes the menace of all
Back in the book no less of World Guinness
Still smokin mother fukcas you see
Cuz theres only one E-A-Z-Y-E
And I'm kicking the Chronic
On this ATL LP
So one motherfuckin two
Motherfuckin threee
All you punk bitches
Better respect me as a gee
Cuz I got tha dope sack
And thats without a motherfuckin doubt
And when shit hits the fan
Its outta my mouth
With the gangsta shit
Boy you crazed
And if you got the budha
Then motherfucker blaze
And hit it for the city of Compton
Shots go out to those

That remain foes
Cuz I like to be the motherfuckin underdog
And if we got beef
[bullets spraying sound]
Then leap like a frog
I used to be the quicker picker
Of a bitch
But I took recess
And its time to break out
Thats how I earn my dap
And its always on if a nigga
Wanna scrap
And you don't stop!

(187)
Yeah yeah
That was cool E
But we gotta let Kokane
Up in here
So he can do his thing.
