1, 2, 3, and to the 4  
Eazy muthafuckin' E  
With the chrome to your dome  
Cruisin' in my '64 rag top  
I got a lot of juice

A lot of fuckin' block  
Now when I hit that switch I'm bouncin'  
More bounce to the ounce  
And I'm clownin'

Keep the gat in my lap  
'Cuz I'm fully strapped  
For the car jackers  
Fuck no hipsters

I pack a Tech-9  
Plus a AK-47  
Send a one way ticket to my hell  
Or maybe heaven, peep

Nigga I don't sleep  
Burrry muthafuckas in the concrete  
You try creep kinda slow in a Astro  
But I peep you niggas out in my left window  
So I blast and I blast 'til I blast no mo  
Yo, they call a muthafucka John Doe

'Cuz when I hit that switch I'm bouncin'  
More bounce to the ounce  
And I'm clownin'  
'Cuz when I hit that switch I'm bouncin'  
More bounce to the ounce  
And I'm clownin'

'Cuz when I hit that switch I'm bouncin'  
More bounce to the ounce  
And I'm clownin'  
'Cuz when I hit that switch I'm bouncin'  
More bounce to the ounce  
And I'm clownin'

Be a witness to murda  
Niggas bustin' out of a '64 Chevy  
Straight callin' my city  
Niggas be winnin' and gettin' busy

Wit a tizy  
Through my city  
Chalk lines hang  
Niggas bang

Chevy's swang like it ain't no thang  
The gangs bang  
So nigga tuck your chain  
And try to buck this thang

End up gettin' one stuck in you brain  
To refrain from this game of stressin'  
Smokin' on water  
And fin to bang your daughter

All up in the Best Western  
She like the way that my '64 hop  
Drop the top  
Grab a rock

Now she's givin' me top  
Non stop on the all row seat  
Like the made me screen  
So I two-wayed my nigga Eazy-E

'Cuz when I hit that switch I'm bouncin'  
More bounce to the ounce  
And I'm clownin'  
'Cuz when I hit that switch I'm bouncin'  
More bounce to the ounce  
And I'm clownin'

'Cuz when I hit that switch I'm bouncin'  
More bounce to the ounce  
And I'm clownin'  
'Cuz when I hit that switch I'm bouncin'  
More bounce to the ounce  
And I'm clownin'

Old nigga E, still cruisin'  
Punk stay up on the nuts and the bone  
Pussy nigga had beef knocked out of his teeth  
The muthafucka should have stayed his ass home

Hey yo, peep them bitchez in the Honda  
4 deep with the proper ass sounds

Now every time that I meet a fine cute bitch  
She got a friend from the fuckin' Dog Pound

Hey yo, bitch  
Here's the seven digits  
Call me if you can  
Only if you want it

Let a nigga know  
Can I dig like a minor, 49er  
Diggin' for gold from behind her  
Watch this nigga do some diggin'

Pop that pussy on a platter  
Watch this nigga do some diggin'  
It's so tight it doesn't matter  
Yo

'Cuz when I hit that switch I'm bouncin'  
More bounce to the ounce  
And I'm clownin'  
'Cuz when I hit that switch I'm bouncin'  
More bounce to the ounce  
And I'm clownin'

'Cuz when I hit that switch I'm bouncin'  
More bounce to the ounce  
And I'm clownin'  
'Cuz when I hit that switch I'm bouncin'  
More bounce to the ounce  
And I'm clownin'

Hit them swithez  
(Hit them swithez)  
Hit them swithez  
(Come on nigga)  
Hit the swithez  
(Make that shit bounce man)  
Make it bounce  
(Make it bounce homie)

Hit them swithez  
(Man come on homie)  
Hit them swithez  
(Make that shit bounce homie)  
Hit the swithez  
(Three wheel motion)  
Make it bounce  
(Say what)

'Cuz when I hit that switch I'm bouncin'

More bounce to the ounce  
And I'm clownin'  
'Cuz when I hit that switch I'm bouncin'  
More bounce to the ounce  
And I'm clownin'

'Cuz when I hit that switch I'm bouncin'  
More bounce to the ounce  
And I'm clownin'  
'Cuz when I hit that switch I'm bouncin'  
More bounce to the ounce  
And I'm clownin'

'Cuz when I hit that switch I'm bouncin'  
More bounce to the ounce  
And I'm clownin'  
'Cuz when I hit that switch I'm bouncin'  
More bounce to the ounce  
And I'm clownin'

'Cuz when I hit that switch I'm bouncin'  
More bounce to the ounce  
And I'm clownin'  
'Cuz when I hit that switch I'm bouncin'  
More bounce to the ounce  
And I'm clownin'

That's right nigga, we back  
That real gangsta shit  
From on of the realest niggas in this game  
You know his name nigga
