Oh, please help me, doctor
I'm about to lose my mind
Just trying to pass the time
I'm about to lose my mind
Anything goes away in time

Oh, please help me, doctor
I'm about to lose my skin
How will I keep my insides in
I'm about to lose my skin
Everything runs away in time

Can I turn and hold it down?
Make it stop spinnin' around

Oh, Jesus, I'm about to lose my girl
I don't need your word
I count every hour
Everything burns away in due time

I'm about to lose my mind
Trying to pass the time
I'm about to lose my mind
Everything falls away in time
