I've got a girl in a box  
Keep her under my bed  
It sure must get hot in the summertime  
I get her out when there's nothing else to do

When there's nothing on TV, when I can't see you  
Wife don't mind if I give her a child  
My wife don't mind, she thinks it's pretty wild  
I've got this girl in a box, I got a girl in a box

I'll keep her till the day  
I'll keep her till the day  
I'll keep her till the day that I die

And I hope I die in the nighttime  
With my TV on and a beer in my hand  
And you by my side

I got a girl in a box  
We play games, I'm anything I'm not  
But I wanna' be, yeah, I wanna be  
She'll be a slut or a dirty little whore

Or the girl next door or my bride instead  
Or I'll cut off her head  
If I want to, yeah, I want to

I'll keep her till the day  
I'll keep her till the day  
I'll keep her till the day that I die

I've got a girl in a box  
I've got a girl in a box
