Heartbreak on vinyl
I've been missing you and how
The easy street is empty
The silence of the sound

I guess the turntables have turned
Round round too many times
I wish we could just go back there tonight

I waited for you at the record shop
Walk through the doors and the record stopped
Heartbreak on vinyl was the name of the store
Now the store is gone and we can't meet there
anymore

We were diggin' in the crates of love
Well darlin' sometimes love just ain't enough
Heartbreak on vinyl was for people like us
Who fall in love in analog and never let go

Heartbreak on vinyl
The curtains hit the ground
Hello sweet sorrow
You're sweeping through my town

I guess the turntables have turned
Round round too many times
I wish we could just go back there tonight

I waited for you at the record shop
Walk through the doors and the record stopped
Heartbreak on vinyl was the name of the store
Now the store is gone and we can't meet
