Never could you let me near your heart  
I am not ashamed to love you  
Hold me tight  
I'll hold you close to me  
Choose tonight

Can't you look into my eyes  
and see the pain I'm feeling?  
I wonder if you have a heart  
I tried my best but  
I was not enough

(So close so far...)  
Why is the dream of your cold beauty so far?  
(Can feel so far...)  
Why I have written all these love words for us?  
(So close so far...)  
Why are you near and I can feel you so far?  
(Can feel so far...)  
It must be only my fault

To you, my tears mean nothing

Can't you see?  
The distance here is miles between us  
I can't cope  
I'll kiss you with my glance  
And tears will rise

Can't you look into my eyes  
and see the pain I'm feeling?  
Have you ever cared for me?  
I tried my best with you  
I'm sorry, It was not enough

(So close so far...)  
Why is the dream of your cold beauty so far?  
(Can feel so far...)  
Why I have written all these love words for us?  
(So close so far...)  
Why are you near and I can feel you so far?  
(Can feel so far...)

Why did I sacrifice myself?
