Now I ain't lookin' for no love, just wanna chill
What one won't do, bet the next one will
Might swoop through and holla in my Coupe Deville
But that's only if I got some time to kill

See this one name that's hip to the game
Never been the type that would stick with a man
You ain't tryna be committed, well, we one in the same
You say my attitude is shitty and at times I'm vain

I mean what else can I say I guess I'm guilty as charged
Caught a felony from the way I'm spittin' these bars
I'm from St. Louis City and I claim it with pride
Ain't no shame in my game, this is where I reside

And I done seen a lot of things
So I'm hip to how they plot and scheme, it's not a thing
Tryna get me out the Prada jeans, yes, I'm not a lean
Girl, you gotta have a lotta green, know what I mean

Now I can act like a bitch
Act like a bitch
Now I can act like a bitch
Act like a bitch

Now I can act like a bitch
Act like a bitch
Now I can act like a bitch
Act like a bitch

I keep niggas runnin' back like marsha fog
If you can't walk the walk, don't talk the talk
I'm a grown ass woman, can't tell me shit
Just left from the mall, bought a new outfit

And I'm tired of these hoes runnin' off at the mouth
Thinkin' they dos knows what they talkin' about
Oh ya'll done fucked up you don't know what your in for
The way I fuck tracks you can call me a nympho

I'm drivin' down the block now ridin' with the top down
Rollin' wit my kin folk, they smokin' that indo

My pimp juice gotta 'em actin' like a lunatic
And err city I here them yellin' out biatch

Now I can act like a bitch
Act like a bitch
Now I can act like a bitch
Act like a bitch

Now I can act like a bitch
Act like a bitch
Now I can act like a bitch
Act like a bitch

I give it to 'em so simple and plain
I'm the thing they be claimin' to tame
I met him but I can't remember his name
Fuck the fame, I'm in this for the change

Now I've been known to murder tracks like Roberta
Flack
Give a nigga head and they don't know how to act
And I be known to get around when I'm in ya town
Call ya baby daddy, he ain't no where to be found

To hell with being lady like call me promiscuous
And yeah, it's true they maybe right, but fuck 'em
It ain't nobody's prerogative if I like to dress sexy
Act seductive and provocative

Now I can act like a bitch
Act like a bitch
Now I can act like a bitch
Act like a bitch

Now I can act like a bitch
Act like a bitch
Now I can act like a bitch
Act like a bitch

Now I can act like a bitch
Act like a bitch
Now I can act like a bitch
Act like a bitch

Now I can act like a bitch
Act like a bitch
Now I can act like a bitch
Act like a bitch
