I've got the heart of a soldier  
(I've got the heart of a soldier)  
I've got the soul of a tiger  
(I've got the soul of a tiger)

Whoever said I'm scared  
(Whoever said I'm scared)  
You say mufuckin' liar  
(You say mufuckin' liar)

I've got the eye of an eagle  
(I've got the eye of an eagle)  
I've got the back of my people  
(I've got the back of my people)

I'll bust my shudder head  
(I'll bust their shudder heads)  
Don't you ever say I'm scared  
(Don't you ever say I'm scared)  
(Don't you ever say I'm scurred)

See, a lot of mufuckers fall  
When they back get pressed up against the wall  
Not me homie, wish a mufucker would think  
He could come and take what's mines

Let him try and he gon' see, he gon' get thuged  
Leave him shriveled like a raisin' with no hesitation  
To late for the conversation, time wastin'  
Send them to their final destination

Don't give a fuck  
Let the middle finger, linger, to them rat clowns  
Ain't the type that will back down, bet you'll get slap  
down  
You better check my mufuckin' background

Name only get around like rumors  
Never let the haters consume us  
Leave a bitch with a head full of tumors  
If she ever thinkin' of steppin' up to us

I'll show and prove  
I'll violate a bitch that will violate this here  
Never seen me shed a tear, out of fear  
Bring chaos in a minute to a mufucker

Yes sir, I'm from the Lou  
And it's too late now dirty, they don' got me started  
And you can't abort it, 'cause a bitch like me  
Is just to cold hearted

I've got the heart of a solider  
(I've got the heart of a solider)  
I've got the soul of a tiger  
(I've got the soul of a tiger)

Whoever said I'm scared  
(Whoever said I'm scared)  
You say mufuckin' liar  
(You say mufuckin' liar)

I've got the eye of an eagle  
(I've got the eye of an eagle)  
I've got the back of my people  
(I've got the back of my people)

I'll bust my shudder head  
(I'll bust their shudder heads)  
Don't you ever say I'm scared  
(Don't you ever say I'm scared)  
(Don't you ever say I'm scurred)

Now you can say what you wanna 'bout me  
'Cause the truth really don't, it only make me stronger  
Think I give a fuck 'bout how you sayin' how I lookin' a  
video  
Bitch, couldn't be wronger, I know you mad

Better find your position and learn how to play it  
Don't you hate it when a hater hatin' on your situation  
'Cause they wack ass never made it  
Bitch you and bad

You betta watch your mouth, for I watch your house  
And have a nigga come and rock your spouse  
And leave 'em quiet as a mouse when the lights go out  
And your days is ow

So don't make no plans, you don' had your chance  
And I'm 'bout to lock this bitch down and throw away  
the key  
Matter fact even snatch your fans and I'm takin' over

Comin' through with a vengeance 'bout to get incense

Did I forget to mention a lot of this tension  
'Cause your shit is comin' to an end  
And every time that Ebony rhymes, every line  
I make a nigga pause and drop their jaws

Start sweatin' like they havin' a heat stroke  
Like they going through menopause  
And love shittin' they draws

I've got the heart of a solider  
(I've got the heart of a solider)  
I've got the soul of a tiger  
(I've got the soul of a tiger)

Whoever said I'm scared  
(Whoever said I'm scared)  
You say mufuckin' liar  
(You say mufuckin' liar)

I've got the eye of an eagle  
(I've got the eye of an eagle)  
I've got the back of my people  
(I've got the back of my people)

I'll bust my shudder head  
(I'll bust their shudder heads)  
Don't you ever say I'm scared  
(Don't you ever say I'm scared)  
(Don't you ever say I'm scurred)  
Don't you ever say I'm scurred

Don't you ever say I'm scared  
Don't you ever say I'm scared
