World keeps spinning round my head  
Vague rejections will transcend  
Truthful faith for the worlds inside  
This fairyland can't be denied

Embrace me in secrecy  
This world's for real not a dream  
Right in my hands the fairyland  
No truth can spoil my beliefs

Thoughts colliding against wonderwall  
Trough the silver haze I hear your call  
Truthful faith for the worlds inside  
This fairyland can't be denied  
Embrace me in secrecy  
This world's for real not a dream  
Right in my hands the fairyland  
No truth can spoil my beliefs

Lost in fairyland  
Lost in wonderland
