I saw your face and now it's hard to sleep at night  
Contemplating on our past  
I know you miss me  
You just needed space and time  
Give me time, I'll be alright

Got me so confused  
Missed those days with you  
Just can't get you off my mind  
Hey, hey, oh  
Tell me what to do  
Do you miss me too?  
Just can't get you off my mind

[chorus]  
Save me, I love you baby  
Can't live without you  
You know, I can not forget  
Maybe, you're thinking lately  
To come back to me  
You know, I can not forget

Try to pretend that I was over you for life  
Only for myself, for sure  
Would hear our favorite song  
And it would make me cry  
Back when we were happy

Got me so confused  
Missed those days with you  
Just can't get you off my mind  
Hey, hey, oh  
Tell me what to do  
Do you miss me too?  
Just can't get you off my mind

[chorus]

You, you should come back home to me, yeah yeah  
We could pick up where we left this thing  
Oh baby, can you shed a little light on my world  
tonight?

I need you

[chorus] (2x)
