When we met before on a busy corner
I made you stay awhile, giving you my number

A foolish love, a kiss that I
I could have turned away
But instead I surrender

As I close my eyes, you stay up to catch me fallin'
Opportunities arise when the other isn't lookin', isn't
lookin'

A foolish love, a kiss that I
I blew it all sky high
When I surrender

Oh, love is often heard, well, it isn't gettin' over
After all it's just a word, what lies within
It's often [Incomprehensible]

A small [Incomprehensible] one kiss and I
I should have walked away
But instead I surrender
(Instead, instead)

This could be good, this could be right
We could be heading for a ride
Sit on the fence, don't lose the night
You'll never know until you try

Oh, baby

This could be good, this could be right
We could be heading for a ride
Sit on the fence, don't take all night
You'll never know until you try

Oh, baby

This could be good, this could be right
We could be heading for a ride
Sit on the fence, don't lose the night
You'll never know until you try

Oh, babe
Oh, yeah
Oh, yeah
