I'd be bad to feel so bad
Waking up laughing so rare
Up and down and down the stairs
Set myself up in the chair

And said, all I love is all I love
All I want is all I want

If we make the same mistake
Who could we blame?
When we make the same mistake
Who will we blame? Who will we blame?
What will we blame?

We blame all I love, all I love
All we want, all we want

I had a healthy discussion
I had a sleep in the chair
I laid my head on a cushion
Because it was there

I had a flame in the dark
It was
(Up and down, and down the stairs)
(Set myself up in the chair)

Said, all I love, all I love
All I want is all I want
All I love is all I love
(You've got the hands to hold the key)
All I want is all I want
(You've got the hands to hold the key)

If we make the same mistakes
Who could we blame?
When we make the same mistake
Who could we blame? Who will we blame?
What could we blame?
When we make the same mistake
Who will we blame?
