She's got everything
On her mind
He'll take anything
He can find

Small horizons
Fill her life
Got his eyes on
Her in the sky

Ultrasound
Going down
Underground
On the ground
Charlie clown
Wore a crown
In my town
In my town

She's an antelope

In her mind
He's a waste of hope
In her time

Ultrasound
Going down
Underground
On the ground
Charlie clown
Wore a crown
In my town
In my town

She's got everything
On her mind
He'll take anything
He can find
