Buried alive
Person unknown
Dying inside
Half the way home

Somewhere
Under a Delvaux moon
Childhoods end
Came too soon, came too soon

Don't want to know when
Don't wanna know why
Don't wanna believe
That life is just to die

You were the one
Who sang lullabies
I'm still hanging
Out to dry, out to cry

Hey now, hey now, don't you cry
It's just the dying of the light
Time to say our goodbyes
I'll look for you in that goodnight, goodnight

Is anybody here?

I wanna go out
The way I came in
My flame blowing out
In the summer wind

Somewhere
Under a Delvaux moon
Childhoods end
Came too soon, came too soon

Hey now, hey now, don't you cry
It's just the dying of the light
Time to say our goodbyes
I'll look for you in that goodnight

Hey now, hey now, don't you cry
It's just the dying of the light
Time to say our goodbyes
I'll look for you in that goodnight
Goodnight, goodnight, goodnight
