Everlasting, neverendless
Moments lost in time
Everlasting, they can send us
Will be yours and mine
And mine and mine

Don't look down

See this through
Or we could watch it die
Me and you
Saying our last goodbyes
Goodbye, baby
Goodbye, baby, goodbye

Hear us calling
Ever crying
Wonder when it stops

Don't look down

See this through
Or we could watch it die
Me and you
Saying our last goodbyes
Goodbye, baby
Goodbye, baby, goodbye

See this through
Me and you
See this through
Me and you
