You said you could make it disappear  
Make my pathway clean and clear  
You said I was just a touch away  
But I'm not even close  
No, nowhere near  
You said you could make it disappear  
Make my pathway clean  
And my pathway clear  
How d'you want to go?  
Should we go together?  
I don't want to go  
Gonna live forever  
Live forever  
Shadows in the fog are moving in  
From the world outside  
To my world within  
I'm sucking on the dust that moves the air  
The pieces move  
But I'm still there  
Shadows in the fog are moving in  
From the world outside  
To my world within  
How d'you wanna go?  
Calm or stormy weather  
If we've got to go  
Let's go together  
Together  
You said you could make it disappear  
Make my pathway clean and clear  
You said I was just a touch away  
But I'm not even close  
No, I'm nowhere near  
You said you could make it disappear  
Make my pathway clean  
And my pathway clear  
How d'you want to go?  
Should we go together?  
I don't want to go  
Gonna live forever  
Live forever  
Live forever  
Live forever

Live forever  
La la la

La la la la
