"What If We Are (Vocal & String Version)"

Visit "[What If We Are \(Vocal & String Version\)](#)" on MotoLyrics.com

Maybe you're not the world, maybe you're not the stars
Maybe you're not the girl, what if you are?
Maybe I'm not the boy, maybe I'm not the man
Maybe I'm not the one but what if I am?
Yeah, what if I am?

Then it's love, yes, it's love
Like it could be
It's love yes, yes, it's love
Like it should be

Maybe the dream is only a wish
Not what it seems so what if it is?
Maybe it doesn't fly on the wings of a dove
Maybe it's just the life what if it's love?
Yeah, what if it's love?

Then it's love, yes, it's love
Like it could be
It's love yes, yes, it's love
Like it should be

Is it love? Yes, it's love
Like it could be
It's love, yes, it's love
Like it should be

'Cause I know I'm alive
'Cause I know I'm not dead
And I know I'm alive
'Cause I know I'm not dead

I know what's going down
I know what's going down
I know what's coming down
I know I'm coming down

Hey, have I hit rock bottom?
And hey, how to hit rock bottom?

Maybe you're not the world, maybe you're not the stars
Maybe you're not the girl, what if you are?

Maybe I'm not the boy, maybe I'm not the man
Maybe I'm not the one, what if I am?
Yeah, what if I am?

Then it's love, yes, it's love
Like it could be
It's love, yes, it's love
Like it should be

Is it love? Yes, it's love
Like it could be
Love, yes, it's love
Like it should be

'Cause I know I'm alive
'Cause I know I'm not dead

It's love, yes, it's love
Like it could be
Love, yes, it's love
Like it should be

Is it love? Yes, it's love
Like it could be
Love, yes, it's love
Like it should be
I'm not dead

Hey, have I hit rock bottom?
Have I hit rock bottom?
Tell me, hey, how to hit rock bottom?
How to hit rock bottom?

Tell me hey, have I hit rock bottom?
Have I hit rock bottom?
Hey have we hit rock bottom?
Have we hit rock bottom?

Tell me hey, how to hit rock bottom?
How to hit rock bottom?
Tell me hey, how to hit rock bottom?
How to hit rock bottom?

Tell me, hey
