Remember the morning?
When you fell on me
Don't you know it crushed my
Hope in humanity?
Now I walk with
Your memory
Of you as a little boy
You as a little boy
Crying for your mommy

In the evening
When the sunrise set instead
I felt the winter
Enter every bone in my head
I believe that
Love is the only cure
For this hatred
That this little boy
Hatred that this little boy is feeling
For everything

I feel
I feel everything
I see
I see everything
Sometimes I wish that I
Couldn't see everything
Then I'd only have to look
I'd only have to look
Straight ahead

In the morning
You can fall on me
You can restore my
Hope in humanity
When the world is bleeding
We can fix it up
We can wrap all the continents
Wrap all the continents
In bandages

I feel

I feel everything
I see
I see everything
For a moment
For a moment I wasn't afraid
To be young in this age
For a moment
For a moment I wasn't afraid
To be young in this age
