I can see my father in your eyes  
Though you're 12 years old  
Gonna make you pay for all his lies  
It's your breath I'll hold

Seek help  
Seek help  
Seek hell for yourself

Seek help  
Seek help  
Seek hell for yourself

Gonna take you back to where I'm from  
Back to where it all began  
Gonna make you swim the oceanmile  
Back from which I ran

Seek help  
Seek help  
Seek hell for yourself

Seek help  
Seek help  
Seek hell for yourself

Gonna take you back to where I'm from  
Back to where it all began  
Gonna make you swim the oceanmile  
Back from which I ran

Seek help  
Seek help  
Seek hell for yourself

Seek help  
Seek help  
Seek hell for yourself
