"Fear Of Flying"

Anyhow, anyway
Break the round that brings you down
Death behind the wheel
That ground you down to how you feel
The time that flew away
The time that flew away

You know what you are doing now
Can you take this out of here?
You and i can build it up
You alone can make it real
Oh don't you slow down
No don't you slow down

Is there a price to pay?
Overload or out of bounds
Death behind the wheel
Or pawn it all for something real
The one that flew away

You know what you are doing now
Can you take this out of here?
You and i can build it up
You alone can make it real
Oh don't you slow down
Hell don't you slow down
No don't you slow down
