Gonna do what we do together  
WeÂ're gonna find out  
What we do to ourselves  
How we want it to be  
And we shoot to the centre  
Of our own shores  
For a motionless core  
On the western front

I look round at what i see  
This ainÂ't where i want to be  
Looking for some kind of plan  
Oh yes i am

IÂ'm not going down

Easing through this phase together  
WeÂ're gonna do all  
To return to the flow  
And the rest will fall  
And the rest will fall

I look round at what i see  
This ainÂ't where i want to be  
Looking for the word in hand  
Oh yes i am

IÂ'm not going down

Say yes

Look back at old ways  
Gonna give it all away  
Look back at old ways  
Gonna give it all away

IÂ'm not going down

It is the western way  
It is the western way
