Inside it harbours,
Desire bruises my skin,
So near I'm hungry,
I'd like to have more,
In control, I've lost it,
I'd like to try it again,
It warms inside me,
We're moving one step closer each time.

There's nobody like you,
Nobody like you,
Nobody like you,
Nobody like you anyway, oh anyway,
There's nobody like you,
Nobody like you,
Nobody can touch you,
Nobody like you anyway oh anyway,
Everyone knows.

We fall, slow motion,
I taste your breath in my veins,
Like waves, vibrations,
It's coming up again,
Let me climb inside you,
Caress your fever tongue,
Spread my wings around you,
And we can slide.

There's nobody like you,
Nobody like you,
Nobody like you,
Nobody like you anyway, oh anyway,
There's nobody like you,
Nobody like you,
Nobody can touch you,
Nobody like you anyway oh anyway,
Everyone knows.

I've always craved,
I tried to feed the hunger of an empty grave,
You've shown me secrets I've not forgotten,
I'll give you all the love that I take,

That I take.

Inside it harbours,
Desire bruises my skin,
So near I'm hungry,
We're moving one step closer each time.

There's nobody like you,
Nobody like you,
Nobody like you,
Nobody like you anyway, oh anyway,
There's nobody like you,
Nobody like you,
Nobody can touch you,
Nobody like you anyway oh anyway.

There's nobody like you,
Can you can you can oh oh oh,
There's nobody like you,
Can you can you can oh oh oh,
There's nobody like you,
Can you can you can oh oh oh.
