Amber leaves were falling,
Walls in dresses of graffiti,
The sky was a broken blue,
Take the desires of a madman,
With the wishes of a fool,
Equals me and you.
Time and time again I've drowned in my own desires,
Don't know why.
I jump in the ocean,
Land on a higher ground,
Stripped of a real emotion,
I'm one of the lost and found.
Breathing rocks deep underwater,
Tangled secrets sleep forgotten,
A leaving gift from you,
In a maze of misadventure,
Thought I felt what lay beside me,
Glimpsed a naked view.
Time and time again I've drowned in my own desires,
Don't know why.
I jump in the ocean,
Land on a higher ground,
Stripped of a real emotion,
I'm one of the lost and found,
One of the lost and found,
One of the lost and found,
One of the lost and found.
