Here and now,
We are alone,
Time she will hold her breath,
Only the worms and angels,
Know our names,
But they have not found us,
Although they surround us,
I feel the distance closing.

Come along,
For you and I know,
We've lived through the centuries,
We've ridden the darkest horses,
All our lives,
We hunted our enemies,
We fought with a fallacy,
It's time we were all God's children.

Far away,
The galaxies soar,
The stars are exploding still,
I wish we could fly away,
Fly away.

Here and now,
For you and I know,
True love is deathless,
These crumbling days are ending,
By my side,
Let's walk in the garden,
We'll sleep in the ivy,
We'll be with the worms and angels.
