I can't shout, oh I can't shout to you
Without a trace not give up a clue,
Listen to the tempted words they say.
The people change but memories never fade.
The people change but memories never fade.
the people change but memories never..

Build my mind upon illusion, yeah yeah yeah
'cause shut my thoughts upon confusion, yeah yeah
yeah
potential words with no conclusion, yeah yeah yeah
the echo to your silence scream, yeah yeah yeah.

They all shout, oh they all shout to you
Without a trace you don't know what to do,
don't listen to the tempted words they say
The people change but memories never fade.
People change but memories never fade.
People change but memories never..

Build my mind upon illusion, yeah yeah yeah
'cause shut my thoughts upon confusion, yeah yeah
yeah
potential words with no conclusion, yeah yeah yeah
the echo to your silence scream, yeah yeah yeah.

It just here goes off the wall x 8

Build my mind upon illusion, yeah yeah yeah
'cause shut my thoughts upon confusion, yeah yeah
yeah
potential words with no conclusion, yeah yeah yeah
the echo to your silence scream, yeah yeah yeah.
