Yo, yo, yo, yo, yo  
Yeah, c'mon, c'mon  
Millennium, millennium  
Here we go, yo, here we go, yo

I need you  
I need you

I need your love and touch tonight  
To feel your body next to mine  
Kiss you all from head to toe  
I need you, I need you

I need your love and touch tonight  
To feel your body next to mine  
Kiss you all from head to toe  
I need you, I need you

Wanna picture you and I together in this paradise  
It don't matter really where we go or where we at I'm  
feeling right  
'Cause I remember you were down with me  
To be with me and care for me  
You could get with me across the world and stay this  
way sincerity

'Cause that when it comes to you, I'd do anything  
Anytime or the place, you know that I'll be there  
Should have thought before you came and stepped to  
me  
Now listen close, this is what I mean

I need your love and touch tonight  
To feel your body next to mine  
Kiss you all from head to toe  
I need you, I need you

I need your love and touch tonight  
To feel your body next to mine  
Kiss you all from head to toe  
I need you, I need you

I wish I could just let you know that I want to keep it real  
We could keep it on the down-low, let me know  
whatever you feel  
You know I want you for my lady and baby you drive me  
wild  
You drive me crazy, just stay with me a little while

Oh, I know that you've been hurt and even played  
before  
Don't you worry 'bout a thing 'cause I won't do you  
wrong  
Just understand babe  
You got me babe, just be my lady

I need your love and touch tonight  
To feel your body next to mine  
Kiss you all from head to toe  
I need you, I need you

I need your love and touch tonight  
To feel your body next to mine  
Kiss you all from head to toe  
I need you, I need you

I like to make love to you from the down romantic tone  
Step into my room girl and if you didn't know now you  
know  
Call it, call it what you want  
Spend the rest of my life with you until the day that I'm  
gone

Bring that flavor favorite, gone go 'head so stop that  
praying  
I'll be the late guy here to take you girl from a that hate  
So baby when you're praying, I'll be the big thing, taste  
it  
So won't you gone giddy up, you know girl I'll be the  
next to you baby

I need your love and touch tonight  
To feel your body next to mine  
Kiss you all from head to toe  
I need you, I need you

I need your love and touch tonight  
To feel your body next to mine  
Kiss you all from head to toe  
I need you, I need you

I need your love and touch tonight  
To feel your body next to mine

Kiss you all from head to toe  
I need you, I need you
