I never knew a love like this before
I never knew a love like this before

For once in my life
I believed in my heart that I had it all
A love I can trust
That would never ever let me fall

When suddenly my heart started feeling
Scars of love that were burning
Building walls, building walls
Closing all my doors to love

I never knew a love like this before
How it's burning inside me
I never knew a love like this before
How I wish she would know this

I never knew a love like this before
She's just killing me slowly
I never knew a love like this before
Oh, no, no, no, babe

Closing these lights I just think to myself
Will this nightmare end
How many tears will I have to cry
Till her heart does change

But I don't want to wait
I don't need to feel this way
I've just made a big mistake, big mistake
Taking all her lies again

I never knew a love like this before
How it's burning inside me
I never knew a love like this before
How I wish she would know this

I never knew a love like this before
She's just killing me slowly
I never knew a love like this before
Oh, no, no, no, babe

Now she's gone 'cause I'm letting her go
Now she's gone, now I'm all alone
Now she's gone away

I never knew a love like this before
How it's burning inside me
I never knew a love like this before
How I wish she would know this

I never knew a love like this before
She's just killing me slowly
I never knew a love like this before
Oh, no, no, no, babe

I never knew a love like this before
How it's burning inside me
I never knew a love like this before
How I wish she would know this

I never knew a love like this before
She's just killing me slowly
I never knew a love like this before
Oh, no, no, no, babe
