If we are eternal souls  
Why should we fear death  
Beings of eternity  
Expressed in the flesh  
From dust we are born  
To dust we regress  
Souls of infinity  
Expressed in the flesh  
Source of all creation  
Within your spirit lies  
Sings an eternal song  
A hymn that never dies  
Not created nor destroyed  
The end is not the end

When you leave this mortal form  
Life begins again  
Life begins again, the end is not the end  
Life begins again, the end is not the end  
Life begins again, the end is not the end  
Again!  
Source of all creation  
Within your spirit lies  
Sings an eternal song  
A hymn that never dies
